Course writing

Written work will be evaluated as follows:
• Depth
• Clarity
• Coherent logic and rationale
• Written mechanics (spelling, grammar, punctuation)

All course work must be submitted in order to pass the course.
A passing grade on any particular component of the course is not essential for students to pass the course as a whole.

Registrar-Scheduled Final Exam – NO

Note: It is the student's responsibility to keep a copy of or any relevant documentation regarding each submitted assignment.

Please hand in your assignments directly to your instructor. If this is not possible, you can use the drop box outside of AB 608. Assignments that are put into the drop box will be date-stamped and placed in the instructor's mailbox.

Late Assignment Policy

All work must be complete and ready for discussion on due dates. Assignments will be graded down by one-third of a letter grade each day it is late. Absence from critique will be designated as unsatisfactory performance for that class meeting.

Additional Information

Students must have regular access to a digital SLR camera for the entire semester. Access to a flash unit is also recommended. You will need to back up your work in a location other than the lab—one full back up is required, two are recommended. Purchasing an external backup device or storing work on a cloud-based server (or both) are appropriate strategies for saving and archiving your work.

Course Activities

The Exposure Photography Festival takes place annually during the month of February. There will be exhibitions and events taking place throughout the city of Calgary and in cities across the province. The festival offers an amazing opportunity for you to see some of the best photographic work being made across Alberta and around the world. Take advantage of the festival by seeing as many exhibitions as you can! You are assigned to write about one exhibition. Instructions for this assignment will be given in class.

**Studio Procedures**

The creation of art can be a dirty process and a studio is only workable if everyone cooperates in keeping it clean. Out of respect and consideration for your classmates and other users of the space, it is expected that everyone will participate in keeping the studio clean and tidy.

**Internet and Electronic Communication Device Information**

Cell phones, messaging devices, and headphones must be turned off for the duration of class, and during all presentations. Use of IAML computers or personal laptops to check email or browse online during class undermines our classroom learning environment and is prohibited. If you are using electronic devices inappropriately during class time you will be asked to leave.

**Academic Accommodations**

The student accommodation policy can be found at ucalgary.ca/access/accommodations/policy.

Students needing an Accommodation because of a Disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities ucalgary.ca/policies/files/policies/student-accommodation-policy.

Students needing an Accommodation based on a Protected Ground other than Disability, should communicate this need, preferably in writing, to the course instructor.

Writing/Plagiarism

Writing skills are not exclusive to English courses and, in fact, should cross all disciplines. The University supports the belief that throughout their University careers, students should be taught how to write well so that when they graduate their writing abilities will be far above the minimal standards required at entrance. Consistent with this belief, students are expected to do a substantial amount of writing in their University courses and, where appropriate, members of faculty can and should use writing and the grading thereof as a factor in the evaluation of student work. The services provided by the Writing Support Services can be utilized by all undergraduate and graduate students who feel they require further assistance.

For more information go to http://www.ucalgary.ca/ssc/writing-support or http://www.ucalgary.ca/pubs/calendar/current/e-2.html

Using any source whatsoever without clearly documenting it is a serious academic offense. Consequences include failure on the assignment, failure in the course and possibly suspension or expulsion from the university. Visual art projects submitted for course credit must be produced by the student specifically for this class. Students must not submit projects if credit has or will be provided for it in another class. This includes re-worked assignments from previous or concurrent courses, unless permission is provided in writing by the instructor. Additionally, the student is asked to be mindful of using visual sources from the internet, ensuring that that material is not derived from any on-line or other available source, and that appropriate copyright permission is granted, when required.

Lockers

The Art Building lockers are administered through the Student’s Union’s used bookstore, Bound and Copied. Lockers are rented on a first come, first served basis. Due to the shortage of lockers, and the high demand, students cannot hold more than one locker at a time. All of the details on renting a locker and your responsibilities can be found on the Locker Rental Agreement at https://www.su.ucalgary.ca/wp-content/uploads/2014/08/locker_rental_agreement_2010.pdf

Lockers for all sessions can be rented through my.ucalgary.ca. Once you're in the Student Centre, click on Other Academic Services and choose Locker Reservation.

Lockers must be vacated by the end of term.
For more information go to http://www.su.ucalgary.ca/

Portfolios and Assignments

The Department of Art will not assume responsibility for lost or stolen portfolios or course work given to instructors for grading, or for work posted on bulletin boards in the art building.

Note - All unclaimed work will be disposed of.
Note - Studio spaces, bulletin boards and display areas need to be cleared 2 weeks after the last day of classes.

Ethics

Whenever you perform research with human participants (i.e., surveys, interviews or observation) as part of your university studies, you are responsible for following university research ethics guidelines. Your instructor must review and approve of your research plans and supervise your research.
