Students are also expected to actively participate in discussions and critiques through productive input and commentary. Class participation is a necessary component of the course. Attendance and participation will be factored into the determination of final course grades.

Photographs must be submitted as specified in course assignments, including file size and orientation.

Writing

Writing is a factor in the evaluation of the student's work. See above, "Presentation plans".

All course work must be submitted in order to pass the course. A passing grade on any particular component of a course is not essential for students to pass the course as a whole.

Assignments submitted after the deadline will be subject to the Late Assignment Policy outlined below

Note: *It is the student's responsibility to keep a copy of or any relevant documentation regarding each submitted assignment.*

Assessment expectations

Guidelines for Submitting Assignments: Assignments will be submitted digitally on the IAML server, unless otherwise specified. Some assignments will be submitted as inkjet prints. Details for each assignment will be discussed in class.

Missed or Late Assignments: All work must be complete and ready for discussion on due dates. Assignments will be graded down by one letter grade for each day it is late. Absence from critique will be marked as unsatisfactory performance for that class meeting.

Expectations for Writing:

Writing skills are important to academic study across all disciplines. Consequently, instructors may use their assessment of writing quality as a factor in the evaluation of student work. Please refer to the Undergraduate Calendar E.2 Writing Across the Curriculum policy for details.

Additional Costs and Information

Students must have regular access to an interchangeable lens digital SLR or mirrorless camera capable of producing RAW files for the entire semester. Access to a flash unit is also highly recommended. You will need to back up your work in a location other than the lab—one full back up is required, two are recommended. Purchasing an external backup device or storing work on a cloud-based server (or both) are appropriate strategies for saving and archiving your work.

Portfolios and Assignments

The Dept of Art and Art History will not assume responsibility for lost or stolen portfolios or course work given to instructors for grading.
